

# Avetta Analytics

Get the insights you need to make better decisions

## HOW IT WORKS

When it comes to ensuring business continuity, decisions need to be made quickly and accurately. Avetta Analytics is the robust reporting and analytics engine that drives visibility of Avetta's supply chain sustainability platform. It delivers easy-to-understand, real-time insights to address your most urgent questions and make data-driven decisions with confidence.

01

Leverage report, dashboard, and visualization templates built using over a decade of customer feedback.

02

Extend data sets and dive deeper by easily editing existing templates to answer your specific questions.

03

Build your own reports using the intuitive analysis builder with drag and drop functionality.

## THE BENEFITS

### Better Business Decisions

Detailed reports, intuitive data visualizations, and an at-a-glance KPI dashboard empower you to make data-driven risk management and procurement decisions with confidence.

### Faster Insights

Get the right information at the right time. A powerful self-service interface gives you detailed and precise answers when you need them most.

### Deeper Insights

Take control of your analyses with the freedom to explore the depths of your data and benchmark against peers with over a decade of safety and sustainability statistics.

### Improved Performance

What gets measured gets improved. Improve performance with insights to identify, monitor, and address supply chain sustainability gaps.

# Avetta Analytics

## THE CAPABILITIES

### Report Templates

Get immediate insights by leveraging report, visualization, and dashboard templates. These templates put best-practice reporting at your fingertips for immediate value.

### Intuitive Interface

Build off the value of templates by quickly and easily editing existing reports, visualizations, and dashboards. Extend data sets to get detailed answers to your specific business questions.

### Analysis Builder

Build your own analysis from scratch with an easy-to-use analysis builder that puts you in control and gives you the freedom to explore your data on your terms.

### Automated Distribution

Automate the distribution of reports, dashboards, and visualizations to key stakeholders for improved monitoring and communication.

### Business Analysts

Need additional help? Avetta's experienced team of Analysts deliver deep business intelligence expertise. They will help you dig through the data to get the answers you need.
