

Supply Chain Risk Management for Manufacturing

**Minimize disruptions by proactively managing
supplier, contractor, vendor & worker risk**

Streamline & Automate Prequalification & Management

- Standardize & enforce site-to-site compliance standards
- Eliminate production delays with fast, automated prequalification
- Source qualified suppliers & contractors from our global network of 125,000

Drive SIF Reduction with Standardized Processes & Centralized Data

- Get visibility into every contractor, sub, and worker at your sites in one place
- Ensure every worker is properly qualified, trained, and ready to work
- Eliminate spreadsheet tracking to spend more proactive time in the field

Comply with Increasing ESG Regulations & Expectations

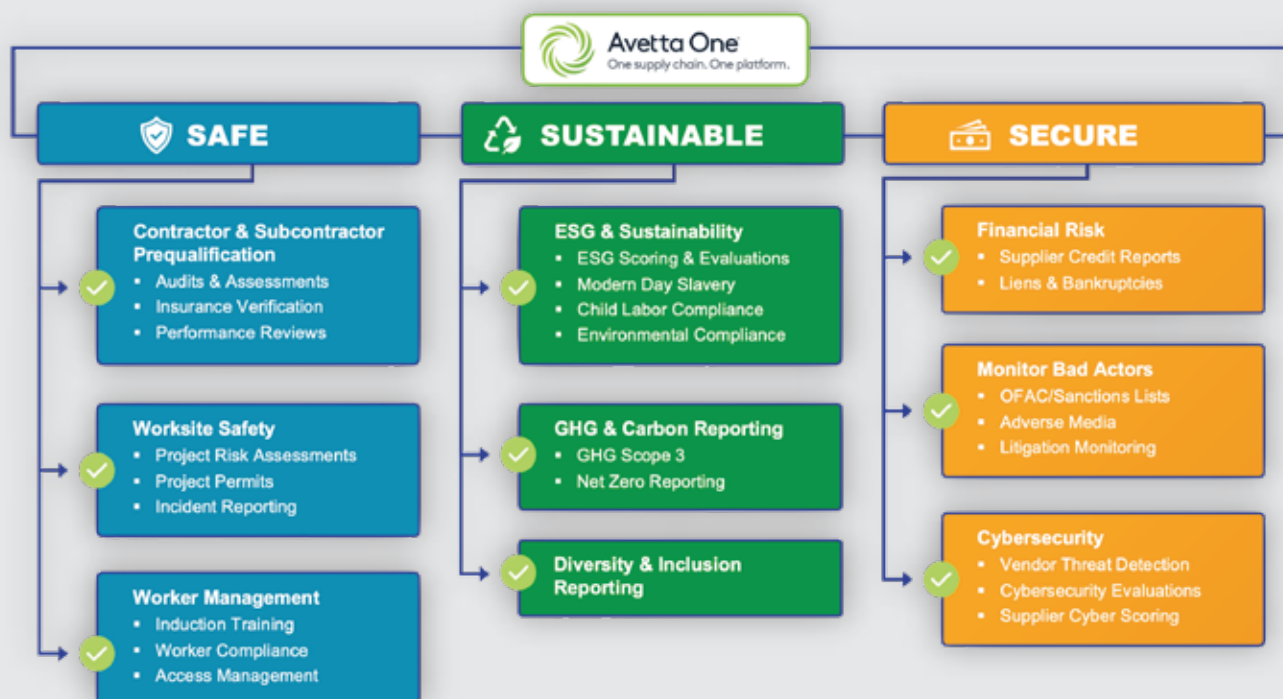

- Easily screen 100% of your supply chain with right-sized ESG evaluations
- Comply with ESG and emissions reporting requirements
- Source & report on diverse and local suppliers to satisfy diversity initiatives

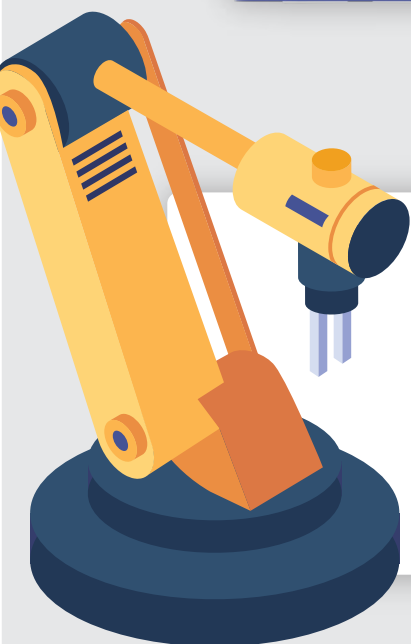

Proactively Manage Supply Chain Cyber Threats

- Get ahead of cyber risk to avoid costly production interruption
- Upgrade your cyber protection to protect interconnected facilities & networks
- Continuously monitor all third parties for cyber vulnerabilities

Build a Safe, Sustainable, Secure Supply Chain

Manufacturing Companies Get Results with Avetta

44% TRIR Reduction **47% DART Reduction**

Avetta manufacturing clients/suppliers versus industry benchmarks

"If I get a question about contractor performance, I know exactly where to go to find the issue, making us much more efficient."

- David Matheny, Huntsman Corporation
